

WSDOT Construction Update for Snohomish County Highways

Edition 34, August 21, 2006

In this issue:

- Don't forget nighttime I-5 closures through Everett this week, Plan ahead to avoid delays

Don't forget nighttime I-5 closures through Everett this week, Plan ahead to avoid delays

Remember to plan for extra drive time if traveling I-5 through Everett late at night this week. Starting tonight through Wednesday night drivers will need to [use detours](#) (pdf 244K) or choose alternate routes to get around the construction closure on I-5 in Everett. Crews will [close](#) northbound and southbound I-5 overnight on Monday, August 21 and Tuesday, August 22 from Broadway Avenue to just north of 41st Street. Crews may need to also close I-5 Wednesday night in the same area if work is not complete. Closures start at 7 p.m. All lanes on both north and south bound I-5 will be closed by 10 p.m. each night. Signed detours will direct drivers around the closure. Crews will set and secure massive concrete bridge girders to form the beginnings of the [new 41st Street bridge](#). Crews expect to set five, 156-foot-long and six-foot-tall, girders each night.
